

Stewardship and the Gospel (part 1)

Sunday, September 18, 2011

INTRODUCTION:

Before His death and resurrection, Jesus provided a preview description of the new man identity that He would achieve through His death and resurrection for all who believe Him.

I. The challenging adversity disciples often face (the context leading up to Lk 12:35ff).

II. The slave/steward identity disciples must live out, Luke 12:35-46.

2 identifying marks of a slave/steward of Jesus Christ:

1. *Constant and active orientation toward the Master's return.*

2. *Faithfulness no matter the challenge.*

III. The helpful clarity disciples can gain on life (application).

The main idea to drag every arena of life into: "Keep your eye on the door."

Being a student?

Being a husband or wife?

Being a businessman, an investor, a purchaser?
