

book of the month *The Enemy Within – Kris Lundgaard*

The Puritans are rightly regarded as the finest theologians native to the English language. John Owen, the “Prince of the Puritans” wrote extensively on the biblical doctrines of sin and holiness. In this book, *Kris Lundgaard confesses, “I decided to bring Owen into the twenty-first century. I kidnapped Owen. By force I took him as my co-author and together we’ve written a new book.”* The Enemy Within is Lundgaard’s attempt to impart Owen’s rich theological understanding of the Christian’s relationship to sin and pursuit of holiness to a modern audience. His attempt is a success!

If you have never tried reading John Owen’s writings, then you should give it a try! He really is worth the hard work. But if that is not possible, then this book is an excellent option! You will be encouraged to renew your own resolve against sin and your striving for “the holiness without which no one will see the Lord” (Hebrews 12:14). This book is short and easy to read; a worthwhile investment for the month of February.

One word of caution is necessary. Lundgaard’s teaching on the believer’s relationship with the old self/nature/man seems to differ slightly from the position of the GBC elders. For further teaching on these subjects, see the resources listed below.
