DUE:

Saturday, December 5, 2015

As you begin this homework, prayerfully read through the following Scripture verses and write out what God promises to believers:

Psalm 136

Matthew 28:20

Rom 8:28

Romans 8:31-32

Romans 8:35-39

1 Corinthians 10:13

### **LOOKING BACK...**

Review your lesson notes from November 21. Evaluate how you have been handling your desires. Is there anything that you would like to change? Please explain. Be ready to share with your discussion group some examples of how you have used God's word to shepherd your heart throughout the day.

### **LOOKING DAY BY DAY...**

2 Timothy 3:4 warns of the ability for men to be "lovers of pleasure/comfort." When you have an unmet desire what comfort do you seek that can lead to sin and unbelief in what God has promised believers? From the Scripture verses above, which of God's promises to you will you use to help you remember the proper place for desires and the reminder of what you truly deserve?

**LOOKING DEEPER...**

The attributes of God - Psalm 145:1-21.

Make a list of the attributes or characteristics of God found in this Psalm. How does looking at the attributes of God help you shepherd your heart during times where you might be prone to listen to yourself and wrong desires?
