build evaluation

DUE: May 6, 2017

First things first: thanks so much for taking BUILD this year. Grace Bible Church became a stronger church each time you interacted with other men on our Saturday mornings together. The prayer of the elders is that each of you men grew in your understanding of both the importance and the method of shepherding your own heart through reading God's word and time spent in prayer.

The following questions are designed to help the elders continue to refine and strengthen BUILD. Please feel free to share the thoughts that the Lord lays on your heart as you go through this. It may be helpful to spend some time in prayer before you get started. Please know that each response will be read and prayed over in preparation for BUILD next year.

Q1. Please share your thoughts on the BUILD setting (meeting time, location, etc.). What aspects were helpful for a group of men meeting together? What aspects made meeting together more of a challenge?

Q2. Please share your thoughts on the lessons that were taught. We would love to hear your honest feedback on the quality of the teaching as well as the topics that were taught. Which messages helped you grow in your relationship with the Lord? Which were not as helpful?

Q3. Please share your thoughts on the discussion groups. Did the discussion group help you grow in the practical aspects of D1, D2 and D3? How or how not? Was there anything about the discussion group format that was not a blessing to you?

Q4. Please share your thoughts on the homework. In what ways did it help you in your ability to assess your affections for the Lord? In what ways can it be improved?

Q5. Please share your thoughts on the Disciplines teaching that started our time together. Did it seem repetitive and predictable? Was it too long?

Q6. Please share any other thoughts or observations you have on BUILD this year.
