Lesson 9

## D2: THE HOME—BIBLICAL WOMANHOOD

**DUE:**

**Saturday, February 9, 2013**

Begin your lesson with prayer, thanking God for what He has to teach you here. Ask him for eyes to recognize where your thinking and practice resemble more of the world's ways and values than the Bible's. Ask Him for a growing desire to change.

1. Review the lesson notes from Biblical Womanhood. What is something from this lesson that was new, helpful, or changed your way of thinking? What are some ways in which you can encourage other women and girls to better understand and appreciate God's design for them?

To give you a broad overview of the Bible's perspective on women, review the resource in your Wellspring notebook entitled "Women in the Bible" (especially the New Testament material).

2. We are looking at Psalm 119 to grow our love for God through His Word, and to help us persevere in Discipline 1—shepherding our heart toward God through the Word of God each day.

a. Read Psalm 119:81-96. Write out all of the phrases that describe the Psalmist's struggles.

i.e. v. 81—my soul faints

b. Write out what the Psalmist knows about God's Word and how this knowledge helps him shepherd his heart.

c. How will the Psalmist's example help you to faithfully shepherd your heart as you experience difficulties in your own life?

3. Select a woman from your Bible reading. What do you learn from her (an example to follow or a sin to flee)?
