

Recovering the Lord's Supper among the Factious

1 Corinthians 11:17-34 (part 1)

INTRODUCTION:

Paul hopes to recover the Lord's Supper through correcting the believers who have lost it through factious living.

1. The problem behind the Lord's Supper, 11:17-22.
2. The precept under-girding the Lord's Supper, 11:23-26.
3. The preventatives necessary for the Lord's Supper, 11:27-34.

APPLICATION:

1. Don't lose sight of the "vertical" grace realities of the cross.
2. Don't lose sight of the "horizontal" grace realities of the cross.
3. Recognize the seriousness of unrepentance (which mocks the grace realities of the cross).
