

## **Households for Christ: The Wife's Submission**

*Ephesians 5:22-24*

Sunday, September 26, 2010

### **INTRODUCTION:**

*A wife must depend on three comparisons to strengthen her submission to her husband.*

**Comparison 1: To help you with your submission—look through your husband to your Lord.**

**Comparison 2: To help you with the explanation—look through your “head” to the church’s Head.**

**Comparison 3: To help you with the limitation—look through your submission to the church’s submission.**

### **APPLICATION:**

- *Take any and all protests in your heart to God in prayer with your Bible open.*
- *Pay more attention to becoming the right kind of wife than “fixing” all that is wrong in your husband.*
- *For every look at your husband, take 10 looks to Jesus and the church’s submission to Him.*
